Hawaii's Mo Freitas earned his first-ever ISA Gold Medal to earn the title of World Champion in the SUP Technical Race at the 2017 ISA World SUP and Paddleboard Championship in Vorupør, Denmark.

ISA President, Fernando Aguerre chimed in on the historic day of competition.

“Today's SUP Technical Races were nothing short of spectacular and the finish that we witnessed in the Men's SUP Technical Race may go down in history as the greatest SUP race of all time.

“The world's best SUP and Paddleboard racers pushed the limits of the sport to new levels today, using the platform created by this ISA World Championship to show the world what they are capable of.”

“The race in the team point standings is as close as ever and it is going to come down to tomorrow's Team Relay. This will mark a historic moment for the sport as the first Gold Medalist in the event's history will be crowned in Europe.”
