Team Australia capped off a historic week of competition in Denmark and continued their dominance in the ISA World SUP and Paddleboard Championship, edging out France and New Zealand to earn the overall Team Gold Medal.

Coming into the Final day of competition in Vorupør, located on Denmark's northwest coast, Australia held the overall lead in the team points ranking. Their fate was in their hands, as a win in the Team Relay Race would cement their Gold Medal position at the top of the podium.

ISA President, Fernando Aguerre chimed in on the historic day of competition.

“We have come to the end of the World Championship, and it's great because we have had an amazing competition, but sad because now we go back home and say goodbye to our friends and the people of Denmark. I want to thank the organizers, volunteers, and everyone who made this recording-breaking edition of the event possible.

“We got everything this week: wind, waves, rain, and sun. We have deep gratitude to the people of Cold Hawaii for hosting us.
