Fiercely surfed elimination rounds ran on the fifth day of competition at the **2017 ISA World Surfing Games** in Biarritz, France. The Men completed Repechage Round 1 and 13 heats of Main Event Round 2, eliminating a total of 58 surfers and narrowing the field of hopeful men world champions down to 110.

Team France remain one of 14 countries that still has all four of their male surfers in the competition. Given that Team France's **Pauline Ado** and **Johanne Defay** respectively took the Gold and Silver in the Open Women Division, they remain in first overall position with four days remaining in the event window.
